How advice must be provided

Personal financial advice will be provided to you in writing (in an SOA) only after your Adviser has reviewed the information you provide to us and has carefully considered your financial goals.

What other information will I need from you?

If you decide to implement my advice, the law requires me to obtain additional information from you and to confirm the accuracy of that information. In particular, I will need to verify your full name, date of birth and residential address. In order to do so I will need to sight various identification documents such as a current Australian Driver's Licence or Australian Passport, and keep records of the identified documents. To minimise your inconvenience I will generally try to verify this information at the same time as I collect information about your financial needs and objectives. However, if you would prefer the verification not to occur until you decide to implement the advice please let me know. Please appreciate that the verified information will be made available to your product provider(s) and that they are unable to process your application without this verification.

The scope of products used to meet your needs

The advice provided can include recommendation of both Commonwealth Bank Group products and products offered by other companies. Any product recommended has been drawn from a list of products that has been examined and approved by our Product Review Committee. By considering both Commonwealth Bank Group products and investment and insurance products from other Fund Managers and Life Companies, we can prepare an SOA that more effectively meets your needs.

Limits on the advice that can be provided

When making recommendations to you, tax, social security and estate planning issues can be discussed but we are not authorised to give advice relating to these issues. If you want detailed advice you should consult a specialist in that area.

It is important to note that **your Adviser cannot provide advice** on the following:

- General Insurance
- Derivatives
- Foreign Exchange

Referral Service(s)

Shares

Your Adviser is not able to offer advice on direct share investments or existing portfolios, but can refer you to the Adviser Trading Centre at Commonwealth Securities Limited (CommSec). Your Adviser can charge you a commission and management fee as a result of this referral. Please refer to section 5.

You do not have to consult any professional we refer you to. You may want to consult a professional you have an existing relationship with, or choose another. The professional you choose to consult is responsible for the advice they provide to you. We may earn a fee, commission or other benefit from the professional we refer you to in relation to the referral itself or on the basis of the business they transact for you. Where the other professional is an AFS Licensee or representative of an AFS Licensee, the other professional will provide you with a separate FSG relating to those services, and details of any fee, commission or other benefit arising from the referral, or any business transacted as a result of the referral. Financial Wisdom is not responsible for any advice provided to you by any other professional we refer you to.

Other services available from Financial Wisdom

Financial Wisdom is able to offer advice on a range of financial products that may be broader than your Adviser can offer you. A summary of all the services available from Financial Wisdom is provided in section 8.

Can you make a transaction without receiving personal financial advice?

Yes, we can take your instructions to transact on your behalf and place a financial product (that Financial Wisdom is able to offer) without providing personal financial advice.

How do you provide instructions to your Adviser?

Generally we need you to instruct your Adviser in person, as your signature will be required for verification. However, for some products and services it is possible for special arrangements to be put in place where instructions can be given to your Adviser by fax, phone or e-mail.

What personal information is maintained in your file and is it kept secure?

Your Adviser must keep a record of your personal profile. This has to include details of your personal needs, objectives and financial situation and a record of any advice given to you.

Financial Wisdom is committed to ensuring the privacy and security of your personal information. As part of our continuing commitment to client service and maintenance of client confidentiality we have adopted the principles set out in the Privacy Act. For further details please refer to the Commonwealth Bank Group's Privacy Policy at www.commbank.com.au. If you wish to examine your file please ask your Adviser.

Will your portfolio be reviewed?

It is recommended that you review your financial situation regularly or whenever your personal or financial circumstances change. Your Adviser will conduct a review of your portfolio every 12 months. The cost of this review is outlined in Section 5 and will be detailed in your Statement of Advice.

You will, of course, receive regular information from the product providers about the value and performance of your investments, as well as details of any insurance policy cover.

5. What fees and commissions are paid to Financial Wisdom?

What are the costs involved in obtaining advice and to whom are they paid?

A range of fees and commissions may be paid for the advice you receive and the financial products used. These fees and commissions **are paid to Financial Wisdom as the Licensee and are not paid directly to your Adviser**. How your Adviser is paid is set out in section 6, "What does Financial Wisdom pay your Adviser?" and will be fully detailed in your SOA.

The types of payments are outlined below. Before providing any financial advice your Adviser will discuss these options with you and help you select the payment method that suits you best.

In all cases, details of payment required for the services provided will be given to you at the time of any personal financial advice or when executing a transaction on your behalf. All fees detailed below are inclusive of GST (where applicable).

Fee for Service Provided

Under this method of payment, there are set fees for each service provided to you.

- There is no charge for an initial consultation with me.
- The normal fee for the preparation of a Statement of Advice is \$2,500.00. This can be higher for more complex advice.
- There is a minimum fee of 1.0% per annum of funds under management, or \$3,000.00 per year, whichever is the greater, for ongoing portfolio servicing and maintenance, including annual reviews. GST is applicable to these fees.

You will be provided with a tax invoice for the service provided and you will need to provide a cheque or money order payable to Financial Wisdom in accordance with the invoice.

Hourly Rate Direct Charges

Financial Wisdom may charge an hourly rate for financial services. The current rate is \$400.00 per hour or part thereof. Part or all of the initial commissions received from a product provider may be rebated to you if this charging option is used.

Before going ahead you will be given an estimate of the time that your Adviser will need. Under this fee structure, you will be given a tax invoice for the service provided. Payment is made to Financial Wisdom in accordance with the invoice.

Scale of Charges

If you pay via this method, the fees charged by us are calculated when new investments are made. Part or all initial commissions received from a product provider under this fee structure may be rebated to you. An example of how this may be calculated is set out below.

- 3.0% of the first \$100,000 invested
- 2.0% of the next \$150,000 invested
- 1.0% of the next \$250,000 invested
- 0.5% in excess of \$500,000 invested

Example: You place a total of \$300,000 in Managed Funds. The cost to you is:

Percentage applied	Amount invested	Fee charged
3.0%	on the first \$100,000	= \$3,000
2.0%	on the next \$150,000	= \$3,000
1.0%	on the next \$50,000	= \$500
Total Average 2.2%	\$300,000	= \$6,500

Under this fee structure, you will be given a tax invoice for the service provided and payment will be made to Financial Wisdom in accordance with the invoice.

Commissions & Adviser Service Fee

i) Commissions

Under this method of payment, Financial Wisdom receives a commission directly from the product provider. This commission is based on a percentage of the funds you invest or the premiums you pay. Commissions are not paid directly by you, but are deducted from the investment or premium by the product provider.

These commissions fall into two general categories:

■ **Initial Commission** - This is a one off commission paid at the start of an investment or insurance policy. The initial commission on an investment product, including superannuation, can be up to 5.5% (GST inclusive) of the investment amount. The initial commission on an insurance product can be up to 125% (GST inclusive) of the first year's premium.

■ **Ongoing Commission** - This is paid every year in which the investment or insurance policy is maintained, as part of the product provider's ongoing charges. The ongoing commission on investment products, including superannuation, can be up to 1.1%pa (GST inclusive) of the investment amount. The ongoing commission on insurance products can be up to 38.5%pa (GST inclusive) of the renewal premium.

ii) Adviser Service Fee

The Adviser Service Fee is a fee agreed between you and your Adviser for their ongoing advice and service. It is paid to Financial Wisdom, and Financial Wisdom may pay part or all of the fee to your Adviser.

Some products offer the option to deduct the Adviser Service Fee from your funds on a periodic basis.

If this fee is to apply to you, it will be fully detailed in your SOA.

Fees paid to Financial Wisdom for General Insurance

Your Adviser is authorised by Insurance AdviserNet Australia (IAA) to provide General Insurance services. IAA has agreed to pay to Financial Wisdom 5% (plus all applicable GST) of all commissions and fees received by IAA for all General Insurance business written by IAA Advisers (who otherwise act as authorised representatives of Financial Wisdom).

Direct Share Investment

Your Adviser can charge you a fee over and above the brokerage charged by the Adviser Trading Centre at CommSec for trading shares, and a management fee based on the value of your direct share investment. This charge is optional and has no minimum or maximum. These fees and commissions will be detailed in your SOA.

Margin Lending

If you take up a margin loan upon our recommendation, Financial Wisdom will receive a commission based on the loan amount, paid on an annual basis. Financial Wisdom may pass this on to your Adviser. It will be fully detailed in your SOA.

Other benefits that may be received

Financial Wisdom assesses and rewards its Advisers based on the quality of advice provided to clients, the continuing professional development of Advisers, and the management, size and growth of an Adviser's practice. Together these measures form a Practice Quality score ("PQ") which is compiled by Financial Wisdom.

Financial Wisdom Advisers may be entitled to receive the benefits outlined below. **These other benefits are not an additional cost to you.**

Short Term Incentive:

Financial Wisdom may receive payments from certain product providers on the Financial Wisdom Approved Product List. These payments are based on the level of investments by Financial Wisdom clients in those products. The payments form part of a pool maintained by Financial Wisdom. From this pool, the Financial Wisdom Adviser may qualify for a Short Term Incentive (STI) payment provided he/she obtains a minimum PQ and achieves minimum levels of advice quality, business revenue, and for productivity and business retention. **Any benefit the Adviser receives under the STI is not an additional cost to you.**

Long Term Incentive:

Based on an assessment of Financial Wisdom Adviser's Practice Quality and ongoing performance, the Adviser can participate in a long term incentive programme which could provide him/her with a share in a return on an investment portfolio, purchased by Financial Wisdom Limited. The identity of the product providers within the investment portfolio are not identified to the Adviser. It is not possible to quantify these benefits at this time and any benefit your Adviser receives as a result of his/her participation is not an additional cost to you.

In addition:

- Financial Wisdom Advisers may be invited to participate, sometimes with their partners, in domestic and international educational conferences and seminars arranged by Financial Wisdom. It is not possible to estimate a dollar value of these benefits at this time. Their attendance may be paid for in full or subsidised by Financial Wisdom, or it may be at their own cost.
- Financial Wisdom Advisers may receive minor unquantifiable benefits including business lunches, tickets to sporting and cultural events, corporate promotional merchandise, and other minor benefits from Financial Wisdom or product providers whose products Financial Wisdom recommends. Given that such benefits are discretionary and relate to future events, it is not possible to provide an estimated dollar value. The details of any benefit received will be recorded in our register of alternative forms of remuneration, which is available for inspection by contacting Financial Wisdom.
- Financial Wisdom Advisers have access to a Business Valuation Package offered by Financial Wisdom, which is subject to certain conditions. The amount Financial Wisdom would pay for the Adviser's business depends on a range of factors including compliance history and financial performance.

Partners in Wisdom Program

Financial Wisdom may receive support from product providers to assist in conducting conferences, professional development programs, study tours and various other functions attended by Advisers. Financial Wisdom currently offers platinum, gold and silver packages where the product provider can contribute amounts of \$75,000, \$50,000 and \$20,000 respectively towards partnering Financial Wisdom in providing Adviser training and conferences. A list of current Partners in Wisdom is available on the Financial Wisdom website.

Are fees paid for referrals?

If you have been referred to us by someone else, or if we refer you to someone else, Financial Wisdom or the Adviser may pay them a fee or commission, or may receive a referral fee. The SOA will disclose these referral payments and the amounts paid.

6. What does Financial Wisdom pay your Adviser?

Once Financial Wisdom receives payment for a service, it will pay your Adviser a percentage of the commission, fee and bonus amount received by Financial Wisdom and retain the balance.

The exact amounts payable to Financial Wisdom and your Adviser will be disclosed in your SOA. If the amount is not calculable at the time the SOA is given, the way the amount is calculated will be disclosed in the SOA.
